Hive & Pleated!

Our New Hive & Pleated collection is bursting at the seams with inspirational fabrics!

Our trend analysts have been hard at work researching patterns, textures and colours that will feature in current and upcoming interior design trends.

All of our fabrics are tried and tested to ensure you are receiving outstanding, quality fabrics – after all, you deserve the best!

The Hive & Pleated collection boasts a stunning array of classic neutrals, bold colours, and statement making patterns.

Features & Benefits

The fabrics within this collection are not only aesthetically pleasing, they also boast a range of extra performance properties!

Hive fabrics have advanced solar control – The fabric acts as a barrier to heat loss in the winter and offers protection from harmful UV rays in the summer.

Blackout – Offers additional light control, the perfect option for a child's bedroom, to ensure they have a peaceful night's sleep!

Fire Retardant- Gives peace of mind for those areas where flames may be present.

Anti-static – repels dust ensuring your blinds stay fresher for longer.

Moisture Resistant – Prevents dampness, stopping mould from forming. Perfect for blinds in your Bathroom or kitchen.

A Pop of Colour

Colour has the power to transform the mood of a room. Whether you are looking for peaceful or bright tones, we have you covered in this collection.

When choosing a blind, it is important to think of what kind of aesthetic and mood you want to bring to the room. Do you want to create an abode that is bright and cheerful, or are you looking to create a luxurious sanctuary that brings a sense of peace and tranquillity?

Style Studio has a wide variety of colourful plain options for you to choose from, including our stunning new Shadow Blackout fabric available in our Pleated collection.

Classic Neutrals

Tones of whites, creams, beiges and browns are the perfect neutral canvas for a timeless and classic interior look.

It is also easy to update your home regularly with bright interchangeable furnishings.

Hemp asc eco Porcelain

Why not consider one of our fabulous new eco fabrics. This recycled fabric allows you to include a modern and stylish blind into your home, while helping to reduce plastic waste in our environment.

Monochrome Vibes

Blacks and grey tones add a touch of sophistication and a contemporary feel to a room. They can also be paired with white tones to create a bold and modern monochrome look.

Greys and blacks can be used as a complementary or statement colour. Hive Decadence and Daze asc are our two monochrome patterned designs that are sure to make a powerful statement in the home.

Be on trend with your interiors

Urban retreat is inspired by flowing lines, geometric shapes and aztek inspired patterns. The colour palette for this trend is a mix of soft and bold colour options to allow you to create a more subtle or vibrant look to suit your preference.

Use a patterned fabric to bring your room to life, or use a pop of orange colour to lift a neutral interior. Try to include trending colours and patterns and unlock your interior designer!

Be on trend with your interiors

Gardens of Babylon gives that **bold factor!**

This trend is inspired by Middle Eastern Oasis and has a maximalist and revitalizing approach to interior design. The patterns for this trend are led by leaf, floral and geometric silhouettes. The colour palette is bold and clashing for maximum effect.

Choose this trend to make a statement!

RECYCLED FABRICS

It's good to be green!

We all need to do more to benefit the environment. That is why we have created a range of recycled Pleated fabrics that have been developed using yarn that has been derived from post-consumer recycled plastic.

This is a versatile product that offers a stunning high-quality finish. Available in 4 ranges, which each have 4 colour options that cover the colour spectrum.

Go bold with Shea asc eco, a geometric weave with a giraffe inspired design Cactus asc eco, allows you to bring the outdoors inside with its nature inspired textured weave.

HIVE®

ENERGY-SAVING ELEGANCE

HIVE®

ENERGY-SAVING ELEGANCE

Hive is a cellular pleated structure that has increased heat blocking, sound absorbent and anti-static properties.

The unique design of this fabric traps air in an insulating layer, blocking the heat from the sun and keeping your room at a lovely, ambient temperature.

Hive is available in an array of neutral and colourful plains, blackouts, luxury textured and plain weaves, digitally printed designs and Fire-Retardant options.

Hive Deluxe is our luxurious hive fabric. Available in 10 on trend colours with a luxuriously smooth finish.

Hive Deluxe Blackout is the ideal choice for a room when additional light control is required, available in 10 neutral, pastel and bright tones.

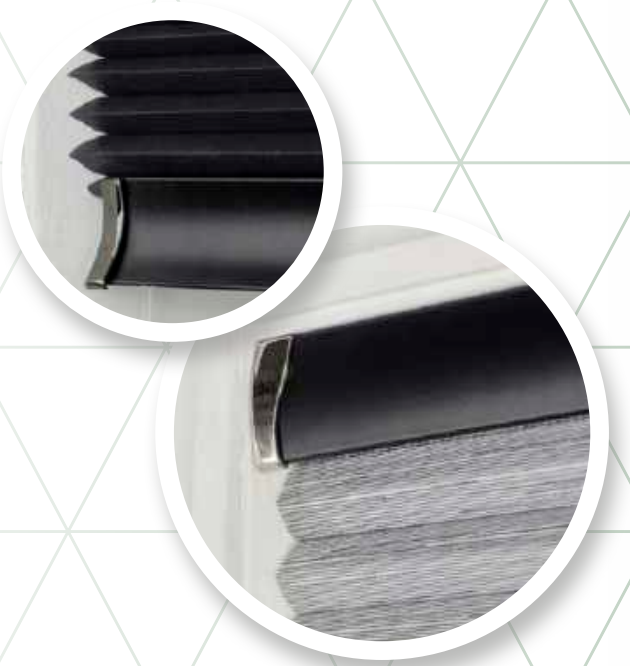
senses®

The Senses system has a slimline aesthetic allowing for a flawless finish, that will sit perfectly within your home interior design.

This child safe system comes in 8 rail colours and 6 endcap colours in co-ordinating shades to complete the look.

All fabrics within our Hive & Pleated Collection can be used in conjunction with this system.

The system comes with a tensioned option which can be repositioned simply by lowering or raising the bottom bar. As well as an integrated cordlock free-hanging option, which is secured by moving the cord to raise or lower the blind to the desired position.



Add a touch of luxury to your home!
